The Executive Committee recommended the following resolution, which was adopted :

The American Philological Association hereby resolves that it is urgently necessary that immediate steps should be taken to organize the control and

protection of the historic monuments and objects of art of all periods in those parts of Nearer Asia which as the result of the war have come under the influence of the Associated Powers, and that the opportunity offered by the Peace Conference should be seized upon to put an end to the systematic neglect and destruction of historic monuments, to the commercialization of antiquities, and to the obstruction of legitimate scientific exploration and excavation, which have hitherto prevailed in countries under Turkish rule; and that advantage of the present opportunity should be taken to call to the attention of the American representatives at the Peace Conference the importance of safeguarding American scientific interests in exploration and excavation, and the legitimate rights of American museums.

This society further resolves that it is desirable, since the Archaeological Institute of America is taking the initiative in this matter, to coöperate with that society, with the American Historical Association, and any other institutions and learned societies which may coöperate, in bringing this resolution to the attention of the Peace Conference.

After Dean Andrew F. West had explained the purposes of the proposed American Classical League, the following recommendation of the Executive Committee was adopted:

That the American Philological Association approve the formation of an American Classical League, upon the Executive Committee of which there shall be representatives of the leading classical associations in the United States.

Remarks were made by Professor W. A. Heidel and others in regard to possible improvements in the method of preparing the annual program and of publishing papers. It was then

Voted, That the matter of supervising the program of the annual meeting and of publishing papers be referred to the Executive Committee.

The remainder of the session was devoted to the reading of papers.
